Course Discussion

The Committee discussed the CE provider application that had been submitted for Dentaspa. The Committee recommended denying this course as it does not provide the appropriate number of hours as required by board rule.

The Committee also discussed a CE provider application submitted by Drs. Maloney & Rudderman. The Committee recommended denying this course as it does not provide the appropriate number of hours required by board rule. In addition, there is no course objective; the course outline does not state whether or not participants work on live patients; the program does not have dental/medical CE credit agency such as ADA, AGD, etc.

Correspondence from Dr. Warren Roberts

The Committee discussed an email sent by Dr. Warren Roberts. The Committee directed staff to respond to Dr. Roberts by referring him to Board Rule 150-14-.04 and the Guidelines for Regulation of the Administration of Injectable Pharmacologics.

There being no further business to come before the committee, the meeting was adjourned at 3:18 p.m.
