The Board voted that the formulation and adoption of these rules does not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rules cannot be reduced by a less expensive alternative that fully accomplishes the objectives of the applicable laws as provided by the Attorney General's office.

The board also voted that it is not legal or feasible to meet the objectives of the applicable laws to adopt or implement differing actions for businesses as listed in O.C.G.A. §50-13-4(3)(A)(B)(C)(D). The formulation and adoption of these rules will impact every licensee in the same manner and each licensee is independently licensed, owned and operated in the field of Dentistry.

The Board recessed the meeting in order to convene the rules public hearing.

Dr. Andrews established that a quorum was present and the **public hearing** that was scheduled to begin at 10:00 a.m. was **called to order** at 10:30 a.m. – Robert Renjel of the Georgia Dental Association gave written and verbal comments pertaining to the board rule proposed for adoption. The public hearing adjourned at 10:40 a.m.
